

Celebrating the restart of our sales activities at TRUDI160

Munich, October 14, 2016 - In the Munich district of Berg am Laim, in Truderinger Straße, the Pöttinger Real Estate Group is constructing five apartment buildings with a total of 69 condos. First class architecture, spacious rooms and high-quality furnishings reflect the high standards the Pöttinger Real Estate Group has set ever since.

Demand as high as ever: just shortly after the sales launch approximately 60 percent of the apartments were sold. Now the Pöttinger Real Estate Group celebrated the restart of its sales activities after the summer break. The guests attended an apartment sales event turned into a real happening. Laser show, fireworks, first-class catering and many interesting discussions relating to real estate made the evening a memorable experience.

Several participants will soon call one of the modern apartments at TRUDI160 their new home. Gardens, spacious balconies and loggias as well as a park-like patio with a magnificent stock of trees offer great recreational value. Away from the crowds and yet close to the city center, perfect connections to highways and the public transport – it all adds up to optimum living conditions.
